## PROFILE SUMMARY

Motivated and in the process of training as a Web Developer with experience in academic web development projects. Currently, I am looking for an internship opportunity where I can apply and expand my knowledge in the field, collaborating in a team to create effective digital solutions.

My work experience as a delivery person has taught me key skills that I can apply in development, such as organization, effective communication, and the ability to solve problems under pressure. I am prepared to bring commitment and responsibility to a web development environment, learning from experienced professionals while contributing to the success of the team.
